*The last flower that I did not squeeze but planted there on the shore,
where the sun fell every morning.*

48 x 59 in

'Valley Isle' is the creative vision of artist Melody Guini capturing the spirit of the Hawaiian Islands. Recently, she moved from Makai (ocean side) to Mauka (mountain side) which has been a major source of inspiration for her work. These creations reflect the awe and serenity of green cathedral-looking valleys in conversation with the surrounding multifaceted sea. In a unique blend of traditional and modern art, Melody brings the breathtaking beauty of the islands to the world.
